"SIMILAR" THREE-DIMENSIONAL BOUNDARY
LAYERS. ('Ähnliche' dreidimensionale
grenzschichten.) Theo Geis. March 1961. 92p.
OTS price, \$2.25.

(NASA TECHNICAL TRANSLATION F-30. Transla-
tion of thesis submitted for degree of Doctor of the
Faculty of Natural Sciences and Mathematics to
Albert-Ludwigs-Universität, Freiberg (Germany).)

The report discusses the extension of the similarity
of two-dimensional boundary layers to the three-
dimensional case. The conditions under which
"similar" three-dimensional boundary layers occur
are discussed, and it is shown that under such con-
ditions the boundary-layer equations may be reduced
to a system of two ordinary nonlinear differential
equations of the third order with constant coefficients.
The constancy of these coefficients is dependent on
whether the external flow and geometric parameters
